About Relay

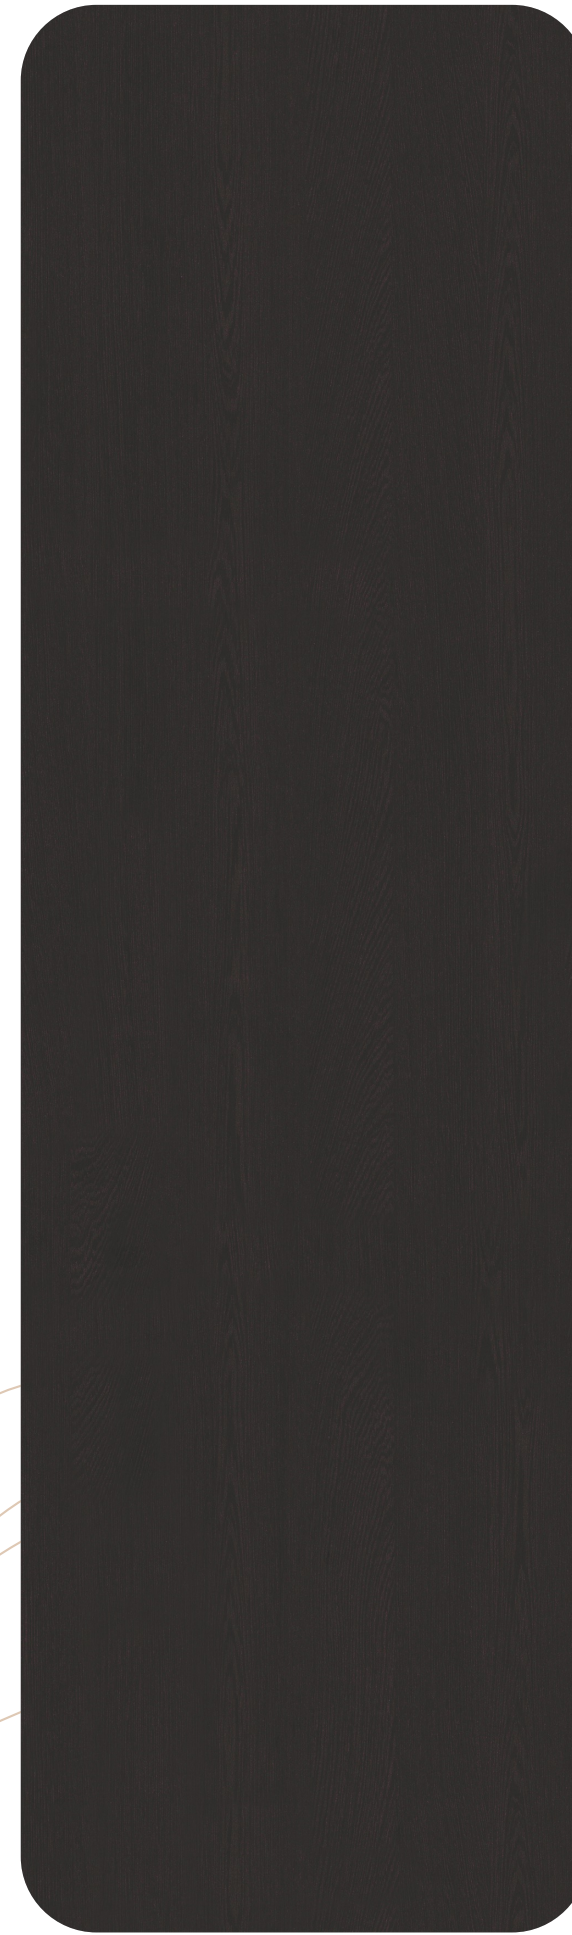

Established in the year 2022, we supply and manufacture a wide range of eco-friendly pre-laminated boards. Wood chip particle board, often simply referred to as particleboard. All necessary steps are taken during the manufacturing of these boards to maximize their usage in every possible way. All these efforts culminate in making Relay an exceptional product in terms of quality, durability, strength, utility and affordability.

Relay has a startup production with wide range of many colors and designs.
